EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Richard Mescher on 6/1/2007.

The application has been amended as follows:

Claim 1, Line 10: --, wherein each wedge member comprises telescoping tubes-- has been inserted between "curb" and ";;".

Claim 21 has been cancelled.

Claim 22, Line 1: "Claim 21" has been changed to --Claim 1--.

The following changes to the drawings to be reflected in formal drawings have been approved by the examiner and agreed upon by applicant:

Figure 1 has been more clearly presented and illustrated. Element 14 has been modified to point to the rail sections with arrowheads.

Figure 5 has been changed to include proper cross-hatching of elements 20 and 38.

Figures 12 and 13 have been changed to clearly illustrate element 54.

In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

The following is an examiner's statement of reasons for allowance:

The primary reason for the allowance of the claims is that the prior art of record neither teaches nor suggests the inclusion of the limitation of "each wedge member comprising telescoping tubes" (Claim 1, Line 10; Claim 11, Line 11; Claim 20, Line 12). The closest prior art of record, Pena, Willetts, Perkins, and Phinney (US Patent 6,272,800) taken as a whole, disclose a fence system significantly as claimed, but do not teach or suggest each wedge member comprising telescoping tubes. There is no teaching or suggestion, absent the applicant's own disclosure, to modify the fence system of any of Pena, Willetts, Perkins, and Phinney to produce a fence system having the aforementioned elemental features.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Joshua T. Kennedy whose telephone number is (571) 272-8297. The examiner can normally be reached on M-F: 7am - 3:30 pm.
